YOUR GENEROSITY AT WORK IN THE PARKS IN 2026

Thank you for supporting nature education, internships, and increased access to Vermont's state parks.

Give today to continue this great work in 2027!

47,000+ FREE DAYS

The Park Access Fund marked 11 years and provided 14,000+ free days in state parks to Vermonters underrepresented in the outdoors with the support of nonprofit community partners.

12 YEARS OF INTERNSHIPS

FRED

FIONA

Paid internships introduced youth to public service and nature education at Mt. Philo and Branbury State Parks.

FIRST-IN-THE-NATION PILOT CONTINUES

The second year of the Park Access Fund Pilot Program provided 33,000 free park visits directly to income-eligible Vermonters funded by generous private donations.

BEACHES FOR EVERYONE

In partnership with Vermont State Parks, VPF has helped fund beach wheelchairs at over 50% of parks with beach access, making the water more accessible to all.

INSPIRING DISCOVERY

VPF makes annual investments in innovative, hands-on nature education that this season inspired more than 38,000 park visitors with exciting programs like Let's Go Fishing, Build-a-Pond, story walks, and bear safety.

Countless visitors caught their very first fish and a new pollinator garden was planted at the Groton Nature Center!
